

THE PROJECT

QUICKTEST PROFESSIONAL IN SIMPLE STEPS

IS CURRENTLY ON HOLD.

THIS IS BECAUSE MERCURY UPDATED THE VERSION OF QTP TO 9.1 AND THE BOOK WAS WRITTEN TO TARGET QTP 8.2. INSTEAD OF RELEASING A BOOK ON AN OUTDATED TOOL, THE DECISION WAS MADE TO PUT THE PROJECT ON HOLD, WAIT TILL QTP 9.1 GAINS TRACTION IN THE MARKET AND THEN UPDATE THE BOOK TO COVER QTP 9.1.

MANY THANKS TO EVERYONE THAT HAS DOWNLOADED THE PREVIEW. AS OF THIS WRITING, THE HIT COUNT STANDS IMPRESSIVELY AT OVER 3,000.

IF YOU ARE INTERESTED IN WINRUNNER, PLEASE SEE THE WINRUNNER IN SIMPLE TESTS TITLE THAT IS DUE FOR RELEASE IN MARCH, 2007.
